As you all know these are difficult times even for us humans. Imagine all the animals left behind and surrendered or abandoned when people lose their jobs and / or homes. Can you find it in your heart to become a foster home to a needy animal? Perhaps donate your time to help handle animals at an adoption day at your local Petsmart? Rescues exist solely by the hard work of volunteers. There are no multi-million dollar kennel facilities or paid employees. It's just caring, compassionate people. Can you please help? www.myspace.com/robinhoodrescue
